ENRICHMENT THEMES

October: Getting to Know You and Fall Science

Let's get to know our Jungle Club friends by doing experiments and having some sensory fun. And while the weather is still nice, we will head outside for a hike or play on the playground. We will also end the month with some Halloween activities.

November: Harvest Fall Fun

This month we will be embracing fall festivities. We will be playing with farm, barnyard animals, and discovering the changes fall brings us. As Thanksgiving approaches, we will play with pilgrims and the Mayflower.

December: "It's beginning to look a lot like Christmas"

We will celebrate the Christmas season by making cards and gifts bags to use at home. We will finish up the month enjoying the holiday movie, "The Star" while munching on holiday treats.

January: Movie Madness

In the New Year, we will use our powers to defeat evil, learn some Kung Fu from a panda, race alongside fast cars and explore being a pet by watching the Incredibles, Kung Fu Panda, Cars, and the Secret Life of Pets. But that's not all! We will have interactive fun centers to enhance our cinema experience.

February: 3—2—1 BLASTOFF

In a galaxy far far away, what could be out there? We're blasting off into space to find out! And how do we get around this great place called Earth? Let's dive into transportation! We won't forget Valentine's Day so be ready for a good time with hearts, sparkles and Valentine cards.

March: Teacher Favorites

Whatever we can find to use, we will build with it. While we are going green, let's have some fun with Leprechauns. Lastly, we will bring the Ocean and the Zoo indoors.

April: Spring has Sprung

Let's have fun by being a Prince or Princess and create a castle. We will have Easter fun and enjoy the outdoors with flowers, seeds and gardening.

May: Fun and Sun

We will finish out our year by enjoying our last month together being outside (weather permitting) and playing with our favorite toys.
